

Autobiography for Shane Fitzpatrick

Name: Shane Fitzpatrick

I am a sophomore at the University of New Mexico and am the treasurer of the UNM Athletic Training Students' Association. Whenever I get a break, I like to play golf with my dad, or put in some hours at my mom's jewelry store. I love coordinating community service projects through the ATSA, as well as giving our members opportunities to further their education.

Throughout my term I would appreciate pictures from any athletic training events, student group events, or community service projects from the high school level on up. I hope to raise awareness of student groups in New Mexico through the NMATA, and what better way to do it than this?
