\*\* (Schedule Subject to Change) \*\*

### Symposium Objectives:

At the conclusion of the program, the Certified Athletic Trainer will:

- Identify different types of patient outcome measures that can be used to assess breathing patterns
- Discuss different types of outcome measures that can be used in clinical practice by patients seen by athletic trainers
- Discuss etiology of various dermatological pathologies seen in athletic populations
- Compare the types of temporomandibular dysfunction and how to appropriately screen for each type

According to the education levels described by the PDC, the following continuing education course is considered to be Advanced Level.
